

Avo and Ova Medley

Avo and Ova were twin girls of Alvin Medley and Laura Belle Lafever, born December 15, 1893. Neither lived long, as they were members of the family of Medleys that died of tuberculosis.

**Avo died February 9, 1914 at 20 years of age. Ova died September 19, 1913 also about age 20.
“Sleep on dear child, and take thy rest, in Jesus arms, forever blessed.”**

Alvin Medley died in 1919; surely it was partly due to grief. He had lost his Laura Belle on Valentine's Day, 1913.

Avo and Ova Medley were disinterred from Mitchell Cemetery and removed to Mt Holly. Their step-mother, Mrs Velma Mitchell was present at the disinterment.
