

**Charley Clemons**

**Charley Clemons was disinterred from Sterling Walker cemetery and relocated at Mt Holly cemetery. His and one other stone was all that could be read; that of Estie B Clemons. Estie B Clemons was a son of Charlie and Minnie Clemons, but they did not marry until 1908; being their son is not likely.**

**No "Charley" was ever listed as one of their children on any census. And so he peacefully rests at Mt Holly, incognito.**
