

ClareneTaylor

Clarene Taylor, August 2, 1916—August 19, 1918, was the daughter of John Herschel Taylor (1892-1964) and Effie L Taylor (1898-1985). She was a granddaughter of John C Taylor (1850-1919) and Amanda Hendrixson (1855-?) which explains her close proximity to them at Mt. Holly. Her paternal grandfather was Monroe Taylor (1868-1913) and her paternal great grandfather was Chesley Taylor (1835-1897).

Perhaps the great Swine Flu epidemic of 1918?

She was listed as “Clarence Taylor” on her removal from Claud Walker cemetery; she may possibly be the other gender. Her mother, Mrs Herschel Taylor was present at the disinterment.
