

Infant Cantrell II

This infant, and the infant lying beside it, are probably the children of Duke McDonald Cantrell (1868-1927) and Nancy Evelyn Luna (1883-1974). Candis Esther Cantrell (March 1903-June 1903) is also a daughter of Duke and Nancy Cantrell.

They were all interred here at D T Puckett cemetery and later disinterred and relocated at Mt Holly.

Duke's brother Felix Cantrell also had a daughter named Candace Pink Cantrell who lived until 1984. It was Felix who notified the authorities of Duke's death.

Duke's cause of death is listed as “tuberculosis of lung.”
