

Infant son Clemons 1915-1915 & Christine Clemons 1930-1931

Sometime before 1909 Charley and Minnie Clemons moved to Deedsville, Indiana, where Charley went to work farming for Merritt Fishburn, on a farm located near Peru, Miami County, Indiana. His father, the venerable John H Clemons and his wife Martha (Glover) Clemons also went north with Charlie And Minnie.

These two infants were likely children of Charlie and Minnie since their funeral markers are also from the same area. McCloskey-Gurdrun (for Infant son), Fisher Funeral Chapel (for Christine), and McClain Funeral Home are all near Logansport, Indiana.

Minnie died in 1974 in Deedsville, Indiana, and probably was buried there.

The similarity of these markers and those of John H and Martha seem to indicate they were all removed to Dekalb County at some point in time, and later removed to Mt Holly.

No information could be found to prove these were children of Charley and Minnie Clemons.
